

# ECO-Tier Service Level Registration Form

If you are interested in participating in this program, please complete this Registration Form. When it is completed, mail the form back to me.

Once I receive your registration form, I will contact you to make sure you understand the Program. If you still want to participate, I will contact both the Greater Cincinnati Waterworks and Rumpke and have them adjust your accounts.

You have two trash containers to choose from: 35 gallon or a 65 gallon. Please remember that you can only use that container for your weekly trash or garbage. If you fill that container and still need to put another container or bag beside it for collection, you will need to put a \$1 stick on it in order to be collected. If you select the 35-gallon container but decide you really need the larger 65-gallon instead, just call me and I will order a switch.

If, after participating in the program, you decide the program is not appropriate for you and you want to return to the "full service" collection program, just call me. I'll make the necessary arrangements. However, once you return to full service, you will not be allowed to go back to the ECO-Tier Program. There is no switching "back-and-forth."

If you have any questions concerning this program, please contact me before completing this registration form. I want to make sure you thoroughly understand the ECO-Tier program before we begin changing your account.
